*** Please order by Friday, September 8th			Total:	

Snack Milk: Nutrition Services will offer cartons of milk (1%, skim, and skim chocolate) for break time in all K-5 classrooms. If you prefer to send beverages from home, please choose 100% juice or water. Snack milk price is per child. Refunds for absent days will not be given.

Healthy Snack Cart: Nutrition Services will offer a healthy snack for break time in all K-5 classrooms. There will be a variety of healthy snack choices each day such as fresh fruits and vegetables, string cheese, yogurt, and crackers. If you choose to send a snack from home, we ask that you send a pre-packaged, healthy snack. Snack Cart price is per child. Refunds for absent days will not be given. A Healthy Snack Cart order form for the second half of the school year will be sent out in January.

* If additional money is enclosed, it will be applied to student's meal account.

Snack Milk and Healthy Snack Cart Program

Frequently Asked Questions

Q: Is it required that my child participate in these programs?

A: No, participation is optional. These programs are offered as a convenience to parents to ensure that students are well nourished and focused on learning during the school day.

Q: Can I pay for my child's snack cart order online?

A: Yes, you may pay online via FeePay through September 8th (no need to return order form). Or, you may fund child's meal account via Campus Portal - return the completed snack order form that denotes online payment and the request that we deduct the fee from your child's account.

Q: May I place my order for the Snack Milk or Healthy Snack Cart programs over the phone?

A: To ensure that the order is processed as quickly and completely as possible, we appreciate your order being placed via the enclosed form, and not over the phone.

Q: Can I wait until the K-5 Assessment days to submit our order form?

A: While we appreciate payments made as early as possible, you can turn the form and payment in at the Nutrition Services table during the K-5 Assessment days if you choose.

Q: My child receives free or reduced price breakfast and lunch. Will he/she receive free or reduced price snacks?

A: No. The Snack Milk and Healthy Snack programs are optional. Should you choose not to participate, you may send 100% juice or water from home as well as a pre-packaged healthy snack.

Q: Why is there a big difference in the price of Snack Milk for grades 1-5 vs. Kindergarten?

A: The State of Minnesota funds this program to ensure Kindergarten students receive a milk break at a very affordable price. Unfortunately, the funding does not apply to students in grades 1-5.

Q: My child receives free or reduced price breakfast and lunch. Why am I being charged for the milk he/she receives when bringing a cold lunch from home?

A: The State of Minnesota reimburses the school for each reimbursable meal, which means students must take at least 3 of the 5 components offered and one must be a fruit or vegetable. When a student purchases milk on his/her own, it is considered an A la carte item. We do need to charge full price for these items. A la carte milk is .50 cents.

For answers to additional questions, please contact Kim Franta, Director of Nutrition Services, at 952-758-1772 or the Nutrition Services Assistant at 952-758-1774.
