### Supplies can be brought to your child's Assessment Conference in August

\* We ask that each child has a calculator. The blue (TI 108) model can still be used, but because of the increased rigor of the curriculum, we encourage students to purchase the model that will be used at the middle school. **The middle school recommends purchasing the TI-30XS Multiview Calculator**, but most models with a root key and an "S" in the model code will work. **We will NOT have these models for sale.** Please label with your child's name in permanent marker.

\*\*We also ask that each child has headphones. We will have headphones **available for purchase at Assessment Conferences for \$8.50**. After school starts you may send money to school with your child and we will see that your child gets them. Please label them with your child's name in permanent marker.

Families can purchase prepackaged school supply kits at [WWW.SCHOOLKITZ.COM](http://WWW.SCHOOLKITZ.COM) **until the middle of July**. Kits will be delivered to school in time for the K-5 assessments. (Kits do not include: headphones, calculators, art shirts, white board erasers, tennis shoes, backpacks, or party money)
